Executive Overview

Eco Sports Clubs is a global network of youth-led clubs link **sports**, **Entertainment**, and **environmental action** to build sustainable communities and future talented generations

We create opportunities for young people to develop their talents while helping communities build a healthier and greener future.

Sports

Arts and creativity

Environmental action

Community development

THE GLOBAL CHALLENGE

Talent Is Everywhere. Opportunity Is Not.

Millions of young people face limited access to:

- Platform of talent showcasing
- Climate change
- Eco Community approach
- sports for Change
- youth empowerment approach
- Safe community spaces
- Job opportunities
- Environmental education

At the same time, their communities face climate change, pollution, biodiversity loss, unemployment and social exclusion

WHY ECO SPORTS CLUBS

Eco Sports Clubs transforms local clubs into year-round centres for:

Empower athletes, artists and creators for Climate

Environmental Action
